## Description

### METAKLIN, METAL DEGREASING SPRAY

- **Aerol® Metakiin, Metal Degreasing Spray** is a speciality cleaner cum degreaser for metal surfaces.
- It is a cold cleaning, solvent based fluid, which dissolves most waxes, lubricants, dirt, grime, carbon, silicone, tar etc.

#### Applications:

- Used to degrease and clean moulds, dies, components, machinery and inaccessible parts of equipment & assemblies

#### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
6000	Fast evaporating	350g
6001	Penetrating & slow evaporating	300g
6002	Fast evaporating	350g
6003	Fast evaporating, CO <sub>2</sub> propellant	400g
6006	Slow evaporating, penetrating	350g
6010	Extremely fast evaporating	300g

### ELECTRICAL CONTACT CLEANER SPRAY

- **Aerol® Electrical Contact Cleaner Spray** is a cold cleaning, solvent type spray, which extends the operational life, reduces downtime and maintains electrical equipment and components.
- It cleans dust, dirt, carbon, oxide deposits, flux, rust, grease, oil and other common contaminants. It restores resistance values and electrical properties.

#### Applications:

- It cleans electric motors, contractors, relays, solenoids, carbon bushes, battery terminals, switchgears and similar electrical equipment, machinery and automobiles.
- Compatibility with plastic substrates must be tested before use.

#### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
8000	Fast Evaporating Cleaner	350g
8001	Fast Evaporating, non-flammable	350g
8002	Penetrating cleaner & lubricant, Plastic safe	300g

### ELECTRONIC COMPONENT CLEANER SPRAY

- **Aerol® Electronic Component Cleaner Spray** flushes away common contaminants such as dust, dirt, waxes, flux, carbon etc. It is safe on most plastics.

#### Applications:

This spray is designed for cleaning, maintaining and servicing electrical contacts, fiber optics, electronic components and circuit boards

#### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
8003	Plastic safe Cleaner	300g

### AUTOCONER SPRAY

- **Aerol® Autoconer Cleaner Spray** is an aerosol preparation designed for cleaning, lubricating and antistatic treatment of Autocorners.

- **Applications:**

It is used to clean fluff, dust and other deposits and provide an anti-rust, anti-static treatment to splicers, knotters, spindles of spinning and weaving machines such as Autocorners and other modern textile machinery.

#### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
0502	Fast evaporating cleaner cum lubricant	300g

## ELECTRICAL & ELECTRONIC CONTACT CLEANER SPRAY

- **Aerol® Electrical & Electronic Contact Cleaner Spray, Grade 8008** is a cold cleaning, solvent based cleaner spray, which cleans, helps to extend the operational life, reduces downtime and maintenance of electrical and electronic switchgear, equipment and components.
- It cleans dust, dirt, carbon, oxide deposits, flux, rust, grease, oil, other common contaminants and restores resistance values, electrical properties and prevents wear, tear and burnout.
- It cleans electrical & electronic contacts/ equipment with a high pressure discharge and has rapid and complete evaporation. It is pressurized with non-flammable CO<sub>2</sub> propellant.

### Applications:

- It is for off-line use and is safe on most plastics, rubbers, metals, glass & ceramics.
- Used in electrical and electronic switchgear, equipment & components, electrical and electronic contacts, high pressure discharged equipment.

### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
8008	High pressure discharge, rapid and complete evaporation. For off-line use. Safe on most plastics, rubbers, metals, glass & ceramics. It is pressurized with non-flammable CO <sub>2</sub> propellant.	300g

## Description

## PAINT & GASKET REMOVER SPRAY

- Fast acting, active, cold cleaning preparation, viscous & non-flammable, Acid & alkali-free, removes most paint & varnishes, safe for use on wood, plaster, metal & glass, aids removal of gaskets & sealants.
- Good washable with water after use & low effect on the climate.

### Applications:

- Used for removing persistent residues such as residues of sealants, paints and adhesives, gaskets, bitumen & tar splashes.
- Also applicable to surface of metal, stainless steel, glass, wood & ceramics.

### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
6021	Fast acting, active, cold cleaning preparation, viscous & non-flammable, acid & alkali-free, removes most paint & varnishes  Safe for use on wood, plaster, metal & glass. Aids removal of gaskets & sealants.	300g

### SPOT LIFTER SPRAY

- **Aerol® Spot Lifter Spray** is a unique cleaning preparation and that removes most oil, grease spots and stains from several types of fabrics and clothing

#### Applications:

It is used in several types of fabrics and clothing such as cotton, wool, silk, denim etc.

#### Packing:

24 cans in one corrugated carton

Grade	Properties/Type	Net Contents
830	Removes oil spots from garments & fabrics	300g
