

# EXCELLENCE IN MOULD RELEASE

10,000+ Satisfied Customers Across India

- India's largest Selling Mould Release for plastic injection moulding.
- Choice of over 16 Grades for customised application.
- Excellence & Economy in performance and cost
- Best in class Cans, Valves, Actives & Propellant used.
- Highest safety standards adhered to for the consumer.
- Meet most international standards.

## HEAVY DUTY SILICONE SPRAY

### High performance, high purity grades

Grade #: 888, 8080, 8081, 8082, 8083, 8084, 8085 & 8888

- Non-toxic, suitable for food containers, medical use items.
- Free from Sulphur, Chlorine & other impurities
- Plastic & Rubber safe with exceptional lubricant properties
- Transparent, invisible, dry feel coating on moulds

### Industrial strength, multi-use grades

Grade # 886, 999 & 8088

- Transparent, invisible, high yield coverage of moulds
- Free from Sulphur, Chlorine & other impurities
- Multi-use product- Mold Release, Anti-spatter & Lubricant.

## OTHER INDUSTRIAL APPLICATIONS

### Heavy Duty Silicone Free Spray

- Anti-spatter agent for welding operations
- Release agent for investment casting & jewellery
- Lubricates rubber & plastic parts in industrial, automotive & white goods
- Lubrication for machinery, gears, conveyors & cutting blades
- Lubricates threads & components in textile machinery
- Suitable for woodworking, printing & paper processing equipment
- Non-stick coating for cutting blades & packaging machines
- Dielectric moisture barrier for electrical connectors & insulators
- Restores shine & gloss to plastic and rubber surfaces
- Moisture protection for marine & electrical equipment

## HEAVY DUTY SILICONE FREE SPRAY

### High Performance, high purity grades

Grade # 1081, 1082, 1083, 1086, 1080

- Non-toxic, suitable for food containers, medical use items.
- Permits post molding painting, plating, printing, coating
- Ensures Smooth and Consistent Mold Release
- Increases Mold Life and Protects Tooling
- Enhances Production Efficiency
- Suitable for a Wide Range of Polymers

## SEMI-PERMANENT MOLD RELEASE SPRAY

### Release agent for rubbers, elastomers, thermosets & PU

Grade # 8090A

- Semi-permanent
- Durable & heat stable
- Silicone Oil & Wax free
